DETAILED ACTION

Response to Amendment

The Amendment, filed on 6/12/2006, has been entered and acknowledged by the Examiner.

Cancellation of claims 5 and 10 has been entered.

Allowable Subject Matter

Claims 1-4, 6-9, and 11-16 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the references of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in claim 1, and specifically comprising the limitation of a flat panel display including display substrate with a heat sink formed on the rear surface of the display substrate, drive circuitry formed on a separate spaced apart and opposite the heat sink, and a cooling channel formed between the display substrate and the drive circuitry, where electrical connections are formed between the two substrates in the cooling channel.

Regarding claims 2-4, 6-9, and 11-16, claims 2-4, 6-9, and 11-16 are allowable for the reasons given in claim 1 because of their dependency status from claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
